

CFZ-DT-P200 Edition

CFZ-DT-P200 is a mobile evaporative air cooler with strong wheels & brakes. It is easy to move the evaporative air cooler to any place that needs cooling. The unit has a air throw of up to 30 meters & has a 300 liter water tank.

APPLICATIONS:

Factories

Workshops

Entertainment Centers

Supermarkets & Malls

Prayer Halls & Schools

Digital Control Panel

100% Copper Wired Motor

UV Stabilized Engineering Plastic

12 Speed Control

SPECIFICATIONS

Model

CFZ-DT-P200

Discharge Type

Top

Voltage/Frequency

220~240V/380~415V/50~60 Hz

Max. Air Flow

20,000 m³/h

Working Current

4.8 A/2.7 A

Power Consumption

1.1 KW

Dimensions

1120*1120*1950 mm

Air Outlet Size

850*500 mm

Net Weight

84 Kg

Water Tank Capacity

300 L

DUCTED SERIES
